## HONEY LIQUEFIER E 2020 HVF

This heater is ideal for liquefying honey because of its optimal heat transfer and the round polished pedestal.

The temperature setting is selectable from +20°C to +90°C due to its thermostat. It is also suitable for less filling quantities and can easily be cleaned due to the smooth surface. The used materials are food-safe.

- **Power:** 2000 Watt
- **Height:** approx. 810 mm
- **Diameter:** approx. 145 mm
- **Weight:** approx. 3,0 kg
- **Connection:** 230 Volt
- **Immersion depth:** max. 640 mm
- **Protection class IPX 7**

Art.-Nr. 03-0226710
